Education

- IMS Engineering College
- B.Tech in Computer Engineering
- Stepping Stone Inter College
- XII — ISC — PCM - 65%

Ghaziabad,UP
July. 2020– July. 2024
Gorakhpur,UP
Mar. 2018 – Mar. 2019

Experience

NullClasses Noida ,IN

Software Engineer

June 2023-July 2023

- Collaborated with a team of developers to design, implement, and maintain web applications using the
- MERN (**MongoDB, Express, React, Node.js**) stack.
- Developed responsive and user-friendly front-end components using React, ensuring seamless user experiences.
- Designed and implemented back-end APIs and integrated third-party services for data retrieval and storage.

Coding Ninjas TA Intern

- Conducted one-on-one and group mentoring sessions to help students understand complex programming concepts and problem-solving techniques.
- Assisted in grading assignments and projects, providing constructive feedback to students for continuous improvement.
- Worked closely with instructors to create course materials, including lecture notes, coding exercises, and assessments.

Programming Skills

Programming Languages & Frameworks: **Java, Spring Framework , JavaScript, TypeScript, Node.js,Angular,Bootstrap React.js, C,Python**

- Database and Data Technologies: **MongoDB,**
- Cloud and DevOps Technologies: **Docker, Github**

Projects

- **NFT Mint website -**
- Designed and developed a fully functional NFT minting website from scratch, enabling users to mint their own NFTs.
- Integrated MetaMask for secure user authentication and transaction management, ensuring a seamless and trustworthy experience for users. Created an intuitive and user-friendly frontend using HTML, CSS, and JavaScript, allowing users to interact with the website.
- **Youtube Clone website -**
- Designed and developed a fully functional YouTube clone website, replicating key features of the popular video-sharing .
- Leveraged the MERN (MongoDB, Express, React, Node.js) stack to create a robust and scalable application.
- Implemented a user-friendly and responsive front-end using React, allowing users to browse, search, and watch videos.

Achievement

- Leetcode: 100+
- Code Studio:50+
- Extra Curricular:Winner in singing Competition organise in college.
